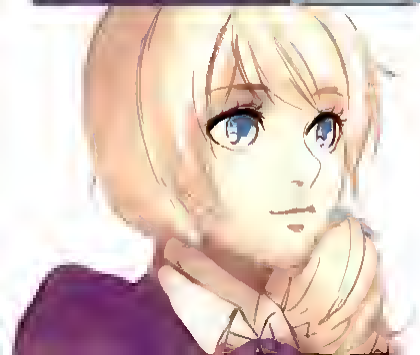
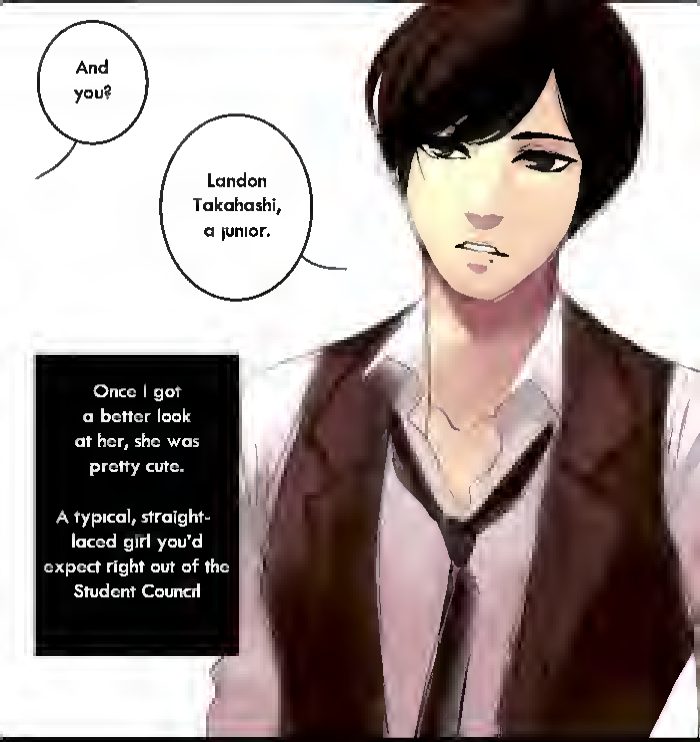
Ah! I'm sorry-- I probably wasn't paying attention
You're not hurt, are you?
You again.
You look more injured than me, to be honest
dusts off

Oh! You're the boy from earlier today...



I don't believe I've properly introduced myself yet. I'm Rachelle Fletcher, a senior.



And you?
Landon Takahashi, a junior.
Once I got a better look at her, she was pretty cute.
A typical, straight-laced girl you'd expect right out of the Student Council

... Just the type of person I preferred *NOT* to hong out with.

Well, nice meeting you. Bye.
Ah! Um-- Where ore you going?
The infirmory.
...! So I actually did hurt you when I bumped into you
Thot's not it!

Oh... Would you mind if I accompanied you?
Uh.. You really don't have to.
Why should you, anyway?
Because it's nice not to be alon
You've got to be kidding me

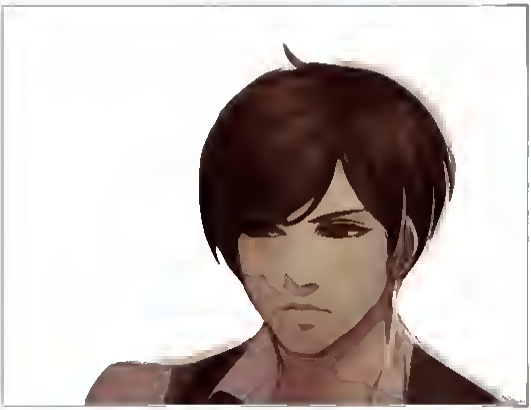
What kind of person asks to be alone with someone they just met? What's your motive?
motive?

You're no different from everyone else.
I can read you like a book.

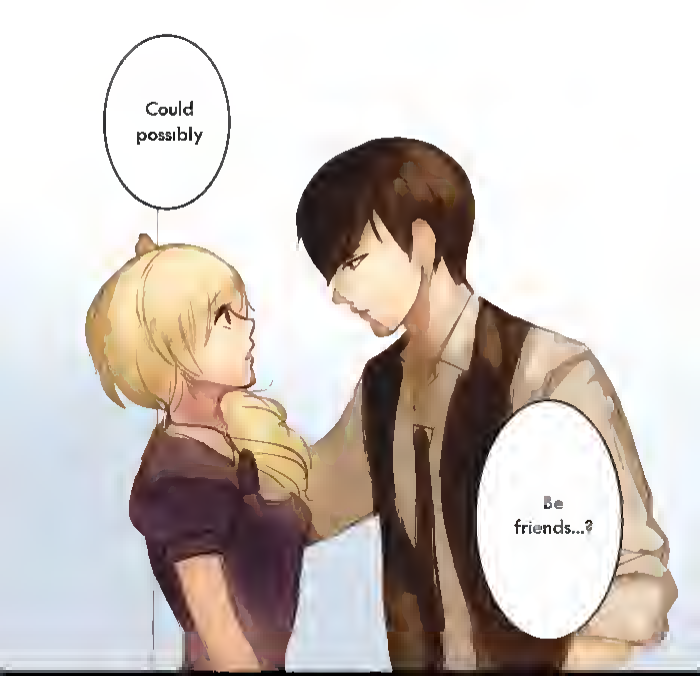
Let
me guess

You have an inquiry of where I'm *really* going, right?
You're trying to catch me in the act of ditching?
Or perhaps you *do* want to be alone for some "fun", huh?
So which

is it?
What do you want from me?

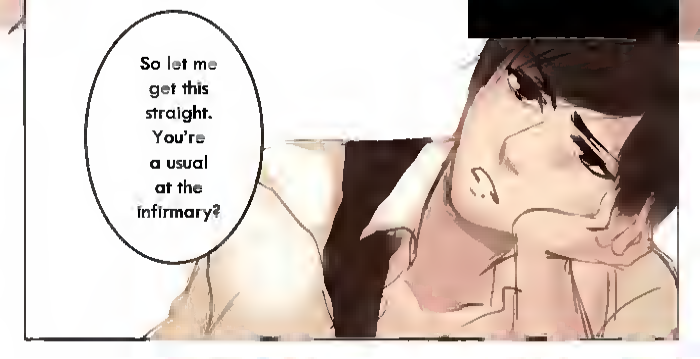


I was kind of hoping that you and I...



So perhaps... My predication was *slightly* off...

Okay, fine.
My prediction
was *totally*
off
But can
you blame
me?!
It's like she's
from another
planet or
something—
cotton balls
so fluffy
Hell,
maybe even
a completely
different
SOLAR
SYSTEM.



So let me get this straight. You're a usual at the infirmary?

Well, only during gym period when there's a lot of physical exertion involved
My doctor says I have weak lungs, so I have to sit out on those kinds of activities. But to be honest, I'd much rather do things with everyone else.
It's not fun to be left out sometimes, you know? haha
If it bothers you that much, don't smile about it geez
Personally, I'd choose sleeping over gym any day.

That explains why she asked earlier...

I feel somewhat guilty for interrogating her earlier--

G

ROOOOOM

W... Was that your *stomach*?
S-sorry. I forgat to eat today. Please don't mind me.

First of all, how am I supposed to sleep with your stomach being so noisy? Second, go eat something!
I-- forgot my wallet too ...
My God, you're a handful... Fine Whatever. I'll treat you.
Ah-- I couldn't possibly have you do that for me-- Really. Don't worry about it.
You said you wanted to be friends, didn't you?
Quit blabbering already and just let me do this once.

W-well, yes...
but..

Then let's go.
Oh! But the cafeteria is closed right now, so you really can't buy me lunch. It's alright!
shuffle

I never said we're eating here.
You see, "Miss Student Council", if you want to hang out with me...
You're going to have to break a few rules.
We're ditching
EH?!
